While this is your official admission letter, you *may* receive a separate letter directly from your program. With approval from the admitting program, admission to graduate studies remains valid for one year from the term of acceptance; however, if it is necessary to defer your admission, we ask that you make this request before the start of the Fall semester. For answers to any questions concerning your course of study, please contact the graduate advisor in your program.

Please check the Applicant Information System (AIS) via howdy.tamu.edu for any items needed to complete your application for admission. The Office of Admissions must receive all official transcripts (including those needed to replace uploaded transcripts) **before** you will be allowed to register for any classes for your first semester. You are advised to send official transcripts now to enable initial registration. Please review the information in AIS carefully, especially under the My Next Steps page. Transcripts and degrees from China must be verified by CSSD.
